

On 27th February 2026, computer skill development programme was conducted in Maratha Mandal's College of Pharmacy, Belagavi for post graduate students. In the programme the students were made aware about **Helinet (Search Engine)** and its use. Students explored various journals, textbooks, and other online available study material. The website is sponsored by Rajiv Gandhi University of Health Sciences only for its students. Total 36 students took the benefit of this programme.
