Objectives of the Event

- To promote awareness of important health issues through creative and informative e-poster presentations.
- To encourage students to enhance their scientific knowledge, creativity, and research skills.
- To develop students' presentation, communication, and critical thinking abilities.
- To provide a platform for students to express innovative ideas related to health promotion.
- To foster confidence and professionalism in presenting scientific information.
- To motivate students to learn from their peers and appreciate different perspectives on health-related topics.
- To inspire students by exposing them to effective poster presentation techniques and scientific communication.

Summary of the event

The Cultural committee of our college successfully organized an **E-Poster Presentation Competition** on the theme "**One Poster, One Health Message**" on **Saturday, 27th June**, from **10:30 AM onwards** in the **Seminar Hall**.

The event was coordinated by **Mrs. Ankita Kanshide**, the Event In-charge, who warmly welcomed the respected faculty members, judges, and students. She briefly introduced the theme of the competition and highlighted the importance of creating awareness about health issues through innovative and informative poster presentations.

The competition was judged by **Mrs. Arzoo Toyeba Jamadar** and **Dr. Anil Kusnoor**, whose valuable observations and constructive feedback encouraged the participants to enhance their presentation and communication skills.

A total of **15 students** from various classes enthusiastically participated in the competition and showcased their creativity, scientific knowledge, and presentation skills through well-designed e-posters based on the theme. The presentations reflected innovative ideas and emphasized the significance of promoting health awareness through effective visual communication.

Final-year B. Pharm students were invited to attend the event as audience members, providing them with an opportunity to observe the presentations, gain knowledge, and learn effective poster presentation techniques for future academic and professional activities.

The competition was conducted smoothly with active participation from students and faculty members. Overall, the event was informative, engaging, and successful in promoting scientific thinking, creativity, and awareness of important health-related issues.
