NOTICE

The **NSS unit** of Maratha Mandal's College of Pharmacy is organizing **“World Environment Day”** celebration on **5th June 2026** at **11:00 AM**.

On this occasion, the students of **B-Pharm 1st year** will be planting saplings in our college garden followed by creating awareness about reducing plastic waste and building a sustainable future.

Your active participation is highly appreciated.

Event In-charge:

Ms. Kiran Birje

Assistant Professor

Department of Pharmaceutical Chemistry

Principal

Event Summary

Name of the Event: World Environment Day

Organizing Unit: NSS Unit, Maratha Mandal's College of Pharmacy, Belgaum

Date of the Event: 05th June 2026 (Friday)

Time: 11:00 AM

Venue: Maratha Mandal's College of Pharmacy, Belagavi

Objectives of the Event:

1. To create awareness among students and the community about environmental conservation and sustainability.
2. To encourage eco-friendly habits and responsible use of natural resources.
3. To promote the importance of reducing pollution and protecting biodiversity.
4. To inspire active participation in environmental protection activities such as tree plantation and waste management.
5. To develop a sense of social and environmental responsibility among students.

Event Summary:

Maratha Mandal's College of Pharmacy, Belagavi is organizing the celebration of World Environment Day on 5th June 2026 with the objective of creating awareness about environmental protection, sustainability, and the importance of preserving nature for future generations.

The event aims to encourage students, faculty members, and participants to adopt eco-friendly practices and contribute towards building a cleaner and greener

environment. This celebration reflects the institution's commitment to social responsibility, environmental conservation, and promoting a healthy ecosystem through active community participation.

Outcome of the Activity:

1. Increased awareness among students and participants regarding environmental protection and sustainable practices.
2. Enhanced understanding of the importance of conserving natural resources and reducing pollution.
3. Development of positive attitudes towards eco-friendly lifestyles and green initiatives.
4. Active participation of students in environmental conservation activities such as tree plantation and awareness programs.
5. Strengthened sense of social responsibility and community involvement among participants.
